

## ISO 14001 Commitment

**Matrix Plastics Ltd** have been running quality and environmental management systems for many years having held ISO9001 accreditation since 1994 (formerly BS5750) and we were the first colour compound and masterbatch producer to achieve the ISO 9001:2015 standard in 2016. We are fully committed to achieving the ISO 14001 Environmental standard for our business and this is an ongoing process as our business evolves.

If you have any questions regarding our plans for this standard or an update on our progress to date, please contact our Continuous Improvement Manager, Mr Ged Creamer at [ged@matrix-plastics.co.uk](mailto:ged@matrix-plastics.co.uk)
